CLIMBING

Slings & Express slings

User Instructions

EN 566

Made in Czech Republic

STORAGE

Store in a dry place, keep away from direct sunlight and abnormal conditions. Avoid contact with mud, dust and all corrosive materials.

USAGE INSTRUCTIONS

Avoid contact with acid or alkaline products and UV-radiation. Do not allow the rope to run over sharp edges without protection. Do not put the rope in a place where it can be hit by falling stones. Do not stand on the rope. Use the tape only with U.I.A.A. or CE labelled karabiners.

PREVENTIVE CONTROL

Visually inspect the tape before and after every usage. Do not use the tape when it shows some defect that could effect its strength. Do not use the tape after a strong fall (factor 2) or if you observe some damage in the fibres and worn seam.

CLEANING AND MAINTENANCE INSTRUCTIONS

Wash only with clean water and neutral soap. Dry in the open air, away from direct heat sources or UV-radiation.

REPAIR OR MODIFICATION ARE TOTALLY

FORBIDDEN !!!

The express tapes and slings come in ten-piece bags. The information booklet should be showed and be brought to the notice of every user.

ATTENTION !

Activities like climbing, speleology, canyoning are dangerous and can have serious consequences and perhaps result in death.

The learning of the appropriate security techniques shall be the responsibility of the user. Mountain Works Ltd. can not be held responsible for the direct or indirect consequences, casualties or any other damage resulting from the use of their products.

Do not use these products if you are not qualified for this activity.
